The following is an examiner's statement of reasons for allowance: According to applicant's arguments, page 11 of remarks filed on 1/26/04, applicant's position is that the claim distinguishes from the Bruins' material with respect to the characteristics of the particles, eg., particulate vs molded. Applicant further argues that the Bruin's reference fails to teach particulate or granular implants. Therefor, applicant argues that the implant material of Bruins does not anticipate the invention as claimed. For the record, it should be clear that all claims as allowed should be construed as defining a particulate implant comprised of non-resorbable or partially non-resorbable polymeric particles having a coating (calcium hydroxide or hydroxyethylmethacrylate) thereon, wherein the particles of the implant are not bonded or fused together and define interstices therebetween having dimensions effective to permit soft tissue to grow therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID J ISABELLA whose telephone number is 703-308-3060. The examiner can normally be reached on MONDAY-FRIDAY.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, CORRINE MCDERMOTT can be reached on 703-308-2111. The fax phone
